# ASACS Counselors Needed!

## About the ASACS Program

Magellan Federal proudly supports the Army Adolescent Support and Counseling Services (ASACS) program. ASACS is a school and community-based program that provides clinical counseling and prevention education services that are confidential for students in grades 6-12 at DODEA schools overseas and military ID cardholders at certain Hawai'i Public Schools. We provide a complete assessment and conduct individual, family and group counseling.

Counseling addresses alcohol and other drug use as well as mental health concerns. Counselors provide education on a variety of topics in classrooms that can improve overall teen functioning. Our work can include parent workshops to improve parent-child relationships and coordination with local agencies to collaborate and support teens and their families.

## Help Make A Difference

If you are an independently licensed counselor in any US state with an addictions certification and want to help us make a difference, please apply online at:
