

FAMILY ADVOCACY INTERVENTION SPECIALIST

Position Location:

TASKS, RESPONSIBILITIES, AND ADDITIONAL DUTIES

The FAIS functions as the FAP prevention facilitator and coordinator in addition to providing primary treatment services for assigned maltreatment and FAST cases, coordinating services for families and monitoring client participation and progress utilizing the modalities of social casework, and for psychotherapy and psycho-educational interventions.

- ✔ Directs the development and implementation of prevention services.
- ✔ Provides prevention training (annually, to new personnel and leadership personnel).
- ✔ Provides community behavioral health education.
- ✔ Provides resource finding and service linking.
- ✔ Provides family violence education.
- ✔ Provides prevention program interventions to promote protective factors and to address maltreatment risk factors.

REQUIREMENTS

- ✔ U.S. licensed clinical Social Worker.
- ✔ Master’s degree from a Council on Social Work Education (CSWE) accredited school.
- ✔ Two years of full-time post-master’s degree experience (within the last three years) in professional clinical counseling service programs to men, women, and children who are abusive or abused.
- ✔ Must also have experience as a group therapy facilitator or co-leader.
- ✔ Two years’ experience working with children, families, and groups in clinical or community organization settings; or as program manager, with demonstrated responsibilities in program planning with implementation of education and intervention services, and community collaboration.
- ✔ Experience working with professionals and agencies that provide community support and counseling intervention services to children and families.
- ✔ Before starting work, FAP personnel working with MTFs shall provide proof of immunization from the following diseases according to CDC guidelines: Hepatitis B, measles, mumps, rubella, varicella, and influenza, and proof of a negative TB skin test (completed within the past 12 months (if positive, proof of negative chest X-ray within the past 12 months) prior to start of work).
- ✔ At a minimum, all FAP personnel working within a Military Treatment Facility must maintain current certification in either the American Heart Association Basic Life Support Course (BLS) (Course C) or the American Red Cross Cardiopulmonary Resuscitation (CPR)/BLS (Heart Saver) Course.
- ✔ Shall be able to obtain and maintain a NACI Clearance.
- ✔ Understanding of the military culture and/or experience working with military population (Preferred)
